TO WHOMSOEVER IT MAY CONCERN

I am happy to provide this letter of research collaboration with Dr Pramod T Hanamgond, Associate Professor & Head, Department of Geology, GSS College, that we have been collaborating our research over last one and half decades. Our collaboration started during 2006, where Dr Hanamgond joined under me for his post-doctoral research under DST/ISRO Visiting Research Fellowship programme. Since then we have been publishing our joint research in national and international journals. Dr Hanamgond's couple of research scholars also visited IIRS for training under NNRMS programme. We have jointly guided PG Diploma Dissertation also. Dr Hanamgond is coordinator for our IIRS online outreach E-learning Programmes too. Following are some of our research publications.

- SERC Visiting Research Fellow (No.SR/VS/002/2004) by Dept. of Science and Technology, Govt. of India, to work in the area of Remote Sensing at Indian Institute of Remote Sensing, Dehradun, for 3 months (1/2/2006 - 30/4/2006), Technical Report, 2006, 175p.
- Dynamics of the Karwar Coast, India, with special reference to study of tectonics and Coastal Evolution using Remote Sensing Data - Hanamgond P.T & Mitra D. *Journal of Coastal Research*, Florida (U.S.A.) 2007, Spl Issue No. 50 (Ed: C.J.Lemekert) Proceedings from the International Coastal Symposium, pp 842-847.
- Evolution of Malvan Coast, Konkan, West Coast of India - a Case Study Using Remote Sensing Data. Hanamgond P.T & Mitra D. *Journal of Coastal Research*, Florida (U.S.A.) V. 24(4), 2008, pp 672-678
- Morphodynamics of Kwada and Belekeri Bay Beaches, West Coast of India: Implications from Remote Sensing Studies. Hanamgond P.T & Mitra D. *Gondwana Geological Magazine*, Spl Vol. 13, 2012, pp 119-123.
- Application of Remote Sensing and GIS Techniques to Study Sediment Movement along Harwada Beach, Uttar Kannada, West Coast of India - Sagar M, Waghmare, Pramod T, Hanamgond, Debashish Mitra, Basavraj K. Koti, and Priyanka S. Shinde. *Journal of Coastal Research*, Florida, USA, V 36(6), 2020, pp 1121-1129.
- Miss. Deepmala Nilamwar, IIRS Dehradun, Her PG Diploma dissertation is "Coastal Geomorphologic Study with Multi-Temporal Satellite Data around Konkan Coast, Maharashtra, India, (Guide: Dr. D. Mitra, Scientist, IIRS, Dehradun).
- Dr. PT Hanamgond is a Life Member, Indian Society for Remote Sensing, Dehradun (LM2965).

We will be continuing our collaborations in future too.

(Dr. D. Mitra)
