### Clean Campus Drive

With an intention to keep the campus clean and green, this year the college has taken up a special 'Clean Campus Drive'. This activity is being carried out at 4.00PM on the last Saturday of every month to inculcate a sense of responsibility among the students who are the primary stake holders of any educational institution, this activity involves mainly the students. But, they are being motivated to carry out this activity by the active involvement of all the staff, both teaching and non-teaching, and also the members of the management.

The first such activity was conducted on the last Saturday of January 2018. It was inaugurated by the Chairman of S. K. E. Society, Shri R. D. Shanbhag in the open air theater. Five different areas were identified within the campus and five groups of students along with staff were formed and set out to clean each such area. Thus the first 'Clean Campus Drive' was a great success that witnessed the participation of the staff and students in large number. The drive continued with the same vigour in the subsequent months of February and March, the result of which is being seen with the campus becoming nearly plastic free.

## NO VEHICLE DAY - AN APPEAL

8 Dec 2017

G. S. Science College would be observing second Saturday of every month as 'No Vehicle Day'. All the members of staff and students are requested to use either bicycle or public transport or even can come by walk tomorrow, 9<sup>th</sup> Dec. 2017 and support this initiative for a noble cause of 'a small step towards saving our environment' from further damage.
