<b>Title:</b> Radhanagri Study tour
<b>Date of event:</b> 02.02.2022 to 03.02.2022
<b>No. of Participants:</b> 50
<b>Highlights of the Programme:</b> As a part of Curriculum Department of Botany Organize Study tour for B.Sc. V semester students at Dajipur wild life sanctuary, Radhanagri and nery areas. The main aim of study tour is to study forest type, Vegetation and diversity of plants and animals. On 2 <sup>nd</sup> Februiary students visited at various places through Jangal safari and seen wild Bisons. On 3 <sup>rd</sup> February there were jungle track of 10 kilometers in Radhanagari forest and biodiversity observation. For this study tour two staff members Dr. Y. B. Dalvi and R. S. Sawant and One attender Babu remmannache was present. On 3 <sup>rd</sup> February at 8.30 students reach in belgaum.

Details of the programme

Title: Visit to Nature Information Center Dajipur Wild Life Sanctuary.

Date of event: 03.02.2022

No. of Participants: 50

Highlights of the Programme: Students of V semester botany visited Nature Information center at Dajipur wild life sanctuary. In the visit students observed and learn about various sections present in information center include Flowering plants, Wild animals, Butterflies, Orchids etc. This information is given by Mr. Shrinath Kavde sir. For this visit Two staff member from botany department and fifty students were present.

**Title:** Study tour at Amboli and nearby areas

**Date of event:** 03.09.2023

**No. of Participants:** 21

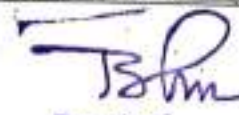

**Highlights of the Programme:** As a part of Curriculum Department of Botany Organize Study tour for B.Sc. IV semester students at Amboli and nearby areas. The main aim of study tour is to study forest type, Vegetation and diversity of plants and animals.

On 3<sup>rd</sup> September Morning at \*.00 am we start our journey from KSRTC bust towards Amboli and We reach their at 10.00 am First we visited the location Hiranykeshi where we studied forest and various ecosystems like grassland ecosystem students also collected water sample to study physicochemical characters. Finally we move towards Amboli water fall were students took bath under falls For this study tour Three staff members Dr. Y. B. Dalvi and R. S. Sawant and Miss P. S. Kundekar was present. On same day at 6.30pm students reach in Belgaum.

## MOU ACTIVITY

The Department of Computer Science of GSS College Visited to KGTTI for one day MOU Activity for B.Sc Final year (6<sup>th</sup> semester) students

A Memorandum of Understanding (MoU) was signed between Department of Computer science & KGTTI. The purpose of this Agreement is to promote academic and research cooperation & Knowledge sharing activities between the two colleges.

(1) Through this MOU, exchange of Teaching Facility during the semesters was carried out successfully on 6<sup>th</sup> August 2022.

  
Principal  
G.S.Sc. College, Belagavi

  
IQAC Co-ordinator  
GSS College, Belagavi

Following are the details of the program

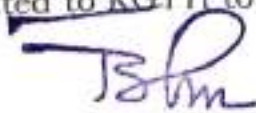

There KGTI staff has conducted a class for students where they have explained networking concept. In lab KGTI staff has explained the working of computerized CNC. Students has gained Information on research and syllabus related concepts.

Therefore the Lecturers of KGTI has explained following concepts.

Name of Faculties	Topics Discussed
Mr.PavankumarGoudar (Junior Engineer KGTI)	Working of Networks in LANSERVER Machines & connections
Mr. James Fernandez (Assistant Manager)	CNC Milling & other CNS workingWorking of robotics through remote application
Mr.Gundurao Jamadar (Technician)	CNC Turning

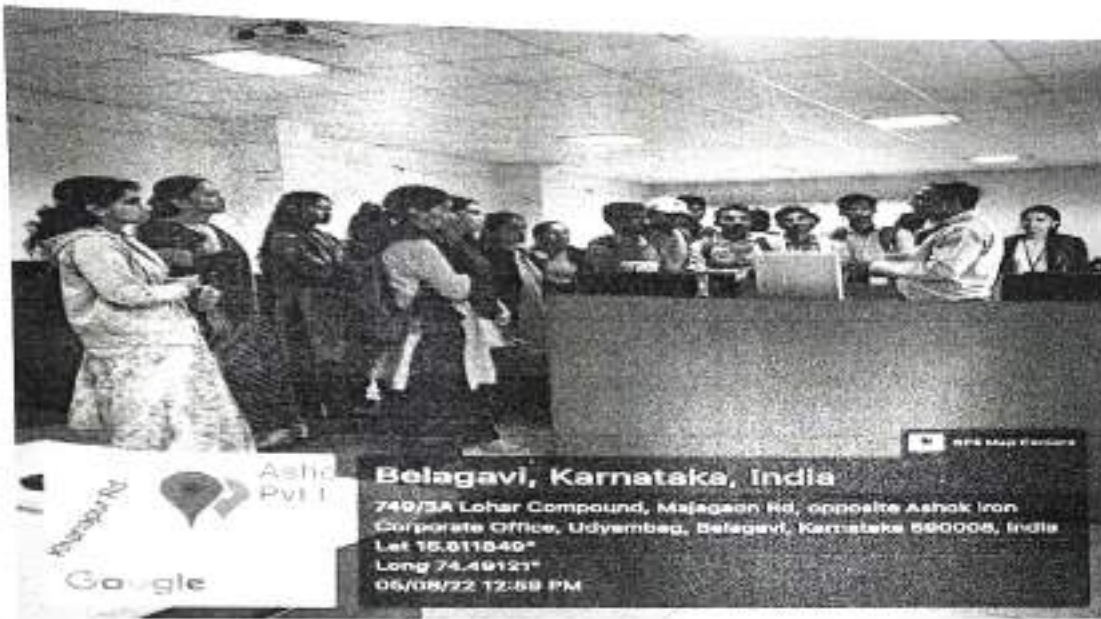

The aim of the visit to KGTT Institute students was an opportunity to have experience of practical knowledge in science & technology as well as to gain a better understanding of field work.

Therefore The final year B.Sc (computer science) students of GSS College has visited to KGTI to learn.

  
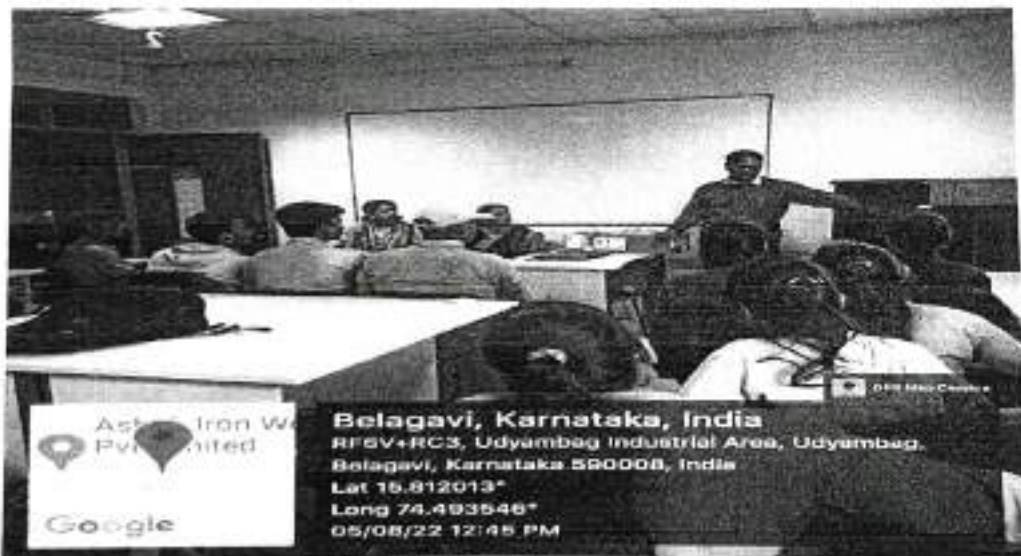

**Principal**

Sir,

As per curriculum, we are organizing a **Geological study tour** for our BSc III Sem students to Karwar and surrounding areas of Geological interest on 6<sup>th</sup> and 7<sup>th</sup> January 2023. I request you to kindly permit us to arrange the geological tour and allow TA/DA for the same. Mr Yogesh Kutre and I will be accompanying the students. Please find the list of students participating in the study tour.

Thank you.

Sincerely,

Permitted.

IQAC Co-ordinator  
GSS College, Belagavi

**GEOLOGICAL STUDY TOUR REPORT**  
Places of visit: Karwar and surrounding places.  
Date of Journey: 6-7<sup>th</sup> January 2023.

Geological study tour was conducted for B.Sc.III Sem students for two days. We visited to Ankola and surrounding places to study the geological features.

**Geological Setting of the study area:**

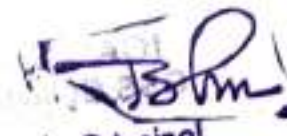

The coast of Uttara Kannada is bounded by Western Ghats on the east, which exhibit deep winding valleys, waving wooded hills, high peaks etc., and by Arabian sea in the west. The topography is in general hilly and wooded with broken and irregular hills averaging 600-700 m above sea level. Deep or wide mouthed bays & estuaries break the coast. It is varied and scenic with rocky Islands and capes, stretches of palm-fringed sandy beaches, which enclose between rocky headlands or knobs.

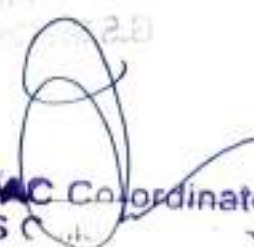

The coast presents a narrow strip of hinterland between the seashore and the Western Ghats, which varies between 5 to 20 km. It scarcely exists towards Karwar since the mountains dip in to the sea with scenic bays & Islands offshore. The hinterland area is normally plain & is covered with sandy soil and usually under cultivation.

Based on the distinct landscapes, the coastal stretch of Uttara Kannada district has been classified into two physiographic units, the high lands and the narrow lowlands (Gazetteer of India, 1985).

The coastal tract of Karnataka is characterized by Precambrian crystalline rocks (Granites, Granitic gneisses and Schists), laterites & basic dykes. The rocks of the Uttara Kannada district form part of the Chitradurga group of Dharwar supergroup comprising metasediments and metavolcanics together with manganese and limestone formations, all of which overlie the basement migmatites and associated granitoids.

Geology of the Uttara Kannada district comprises of gneisses and granites with Dharwarian rocks like schists and amphibolites as older metamorphics within them. Other rock types present are, orthoquartzites, manganeseiferous chert and argillites, banded magnetite/haematite quartzite, limestone & dolomites, greywackes, laterites and basic dykes.

  
Principal  
G.S.Sc. College, Belagavi

  
IOAC Coordinator  
GSS C

Granitic gneisses/granites cover major portion of the coastal tract, which is northwestern coastal continuation of peninsular gneisses or northern continuation of south canara gneisses/granites. The gneisses form prominent hills & headlands along the coast. The granites however are present as patches within gneisses. The granites/granitic gneisses of Karwar area are surrounded on the northeast by the rocks of Chitradurga group and on the south east by hornblende schist (Gupta et al, 1988). These granites/granitic gneisses at places near the coast have undergone chemical weathering giving rise to the conspicuous laterite deposits, well exposed in the southern part of the area.

Stratigraphic position	Rock formation	Age values determined for the corresponding rock formation in South Kanara Precambrian block (after Balasubramanian, 1978).
Subrecent to recent	Sands/Soils	---
Tertiary (?)	Laterites	---
Middle Cuddapahs	Dolerites	2.2 b.y.K-Ar age obtained for the younger ENE striking set of dolerites
Archaean	Granites Gneiss	2.6 b.y.Rb-Sr age obtained for Kamara granites 3.2-3.6 b.y.K-Ar, Rb-Sr and Pb-Pb age obtained for Kanara Gneiss.
Older Metamorphics	1) Orthoamphibolites 2) Schists	Not dated but from field relation these are older. 3.2-3.6 b.y.

On first day 6<sup>th</sup> January, we visited Nadibag beach, Ankola, where we were shown the coastal landforms such as beach, estuary/river mouth, headland, island, tombolo, spit, bars, wave action, longshore currents etc. We were explained in brief the coastal processes operating along the beaches. At Nadibag beach headland, we were shown the Dolerite dyke the discordant intrusions as well as small scale intrusion with sill - the concordant intrusions. We were also shown and explained the occurrence of boudin structures which are eye-like features of quartz and feldspars occurring in a line along the granitic-gneiss foliation. We were also shown 'A large isoclinal fold apart from many small scale folds. There are many pygmatic fold structures too in migmatite rock. We were shown variety of fold structures. All these structures are almost text book examples. The area is a museum of Structures. We were also shown the effect of oxidation and enrichment giving rise to Bauxitisation at Nadibag.

  
Principal  
G.S.Sc. College, Belagavi

  
IQAC Co-ordinator  
GSS College, Belagavi 4

At Belekeri beach, we could see an igneous intrusion, pegmatite intrusion with a clear cut contact with Granitic-gneiss. The granitic gneiss also shows spheroidal weathering.

On 7<sup>th</sup> January, we visited Om beach near Gokarn, where we were shown the tombolo process and the geological feature which has led to formation of Om Beach. At the headland, we were shown weathering of foliations, pegmatite intrusion where strike slip faults were observed.

**Acknowledgements:** We are grateful to Dr.P.T.Hanamgond and Mr Yogesh M Kutre, for conducting this study tour. We thank our Principal, for allowing us for this study tour.

**Subject: Permission to conduct Geological Study tour for B.Sc. II and IV Sem students to Doddannavar Mines, Bagalkote and surrounding area for one day.... reg**

Respected sir,

As per the curriculum, we are conducting the Geological study tour for B.Sc. II and IV Sem students to Doddannavar Mines, Bagalkote and surrounding places on 02<sup>nd</sup> August 2023. Prof. Yogesh Kutre and Shri. Deepak Adhindra attender will be accompanying me and the students. I request you to allow us to conduct the study tour and sanction Spl. CL and TA/DA facility for the same.

We have MoU with Mining Engineer's Association of India, Belgaum Chapter and for the MoU continuous activity we are visiting Doddannavar mines. MEAI, Belgaum chapter secretary has accepted to show the mining activities for our students. I request you to permit us to take Dr. P T Hanamgond also who is council member of the MEAI, Belgaum chapter to accompany us.

Please find attached list of students who are attending the study tour.

Thank you,

Sincerely

  
Mr. Suraj Sawhase,  
Head, Dept. of Geology  
Department of Geology  
Head

**COMMON UNDERTAKING**

We the below mentioned students of B.Sc. II and IV sem are going on a Geological Study Tour to Doddannavar Mines, Bagalkote and surrounding area of geological interest on 02<sup>nd</sup> August 2023 at our own risk. The staff accompanying us and the Principal, GSS College are not responsible for any mishap or casualties during this study tour.

### GEOLOGICAL STUDY TOUR TO DODDANNAVAR IRON ORE MINE REPORT

Date of visit 2<sup>nd</sup> August 2023

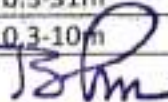

We the B.Sc IV semester student of Geology Department visited Doddannavar Iron Ore Mining Company in Hiremagi Sulebhavi Aihole village, Hungund Taluka, Bagalkote District, Karnataka. We started our journey on 2<sup>nd</sup> AUGUST 2023 morning and returned on the same day evening.

### Geological Background of the Area:

The geology of the area is quite well known world over for the Proterozoic sedimentary basin popularly known as 'Kaladgi Formation'. The area is present in the northern part of the Hungund-Kushtagi Schist Belt. This is comparatively a large schist belt which extends for nearly 100km having width of 20km. The northwestern extension of the belt is hidden under the Proterozoic Kaladgi sediments and Deccan traps. The belt is largely composed of basalt and landsite with minor ultramafic and subordinate metasedimentary bands. Banded iron formation made up of ferruginous chert and quartzite are present. The belt is completely engulfed by gneisses on all sides and is intruded by younger granites.

**Stratigraphy :** The general geological succession along with Order of Superposition is given in Table.

META SEDIMENTS	
Formation	Thickness
Lateritic soil/clay/ shale – exposed on the surface	0-0.2m
Iron ore	0.5-31m
BHQ (Banded Hematite Quartzite) / Hematite siliceous	0.3-10m

  
Principal  
G.S.Sc. College, Belagavi

  
IQAC Co-ordinator  
GSS College, Belagavi

## Geological features observe during study tour:

- A major part of the area is covered by iron ore and BHQ.
- It consist mainly of hematite and underlain by Banded Hematite Quartzite(BHQ).
- The iron ore bands occurrence has been found at two places in the northern and southern parts.
- The strike length of northern and southern ore bands are 264m and 388m respectively.
- The northern ore body is running NE-SW (2100) to N-S direction with general dip of 600 to 700 towards west and having width varies from 20m to 80m.
- Both the iron ore bodies are enclosed by BHQ , Shale and Sandstone in all the major formation of the area, structure like joints, minor fold have been noticed.
- Folds are well developed in the central part of the field are symmetrical or asymmetrical synclines and anticlines are more in N-W direction.

## Geological structures seen during field studies:

- **FOLD** - It is a stack of originally planar surfaces, such as sedimentary stack that are bend or curved during permanent deformations. At the field we observed various folds which are clearly visible and some chevron folds.
- **ANTICLINES**- It is a type of fold that is arch like shape and has its oldest bed at its core. At the field there is huge structure of anticline which is uplifted due to tectonic activity.
- **STRIKE**- It indicates the altitude or position of linear structural features.
- **DIP**- It is the angle of inclination major downwards from horizontal.

## Method of Mining

It is proposed to operate mine the existing method of mining i.e. by fully mechanized opencast mining method adopting a system of benches. Slope of the benches will be maintained at  $37^\circ$  slope. Bench height 6m and width shall be maintained at 8m as per the statutory requirements. Where ever the bench height is more it will be reduced to 6m height.

**Drilling:** The primary drilling operation is conducted by wagon drill of 100mm dia bit, the drilling depth will 6.6m with sub grade drilling. The jackhammer will be used for secondary blasting. The diesel driven compressor will be used for the operation of drilling.

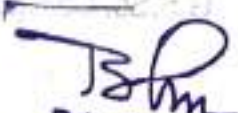

**Blasting:** The blasting operation will be performed by using millisecond delay detonator of multi - row blasting, the drilling and blasting will be required about 50%, the remaining will be excavated by self-excitation of the machinery. The lessee is having the own magazine which is shown on the surface plan. The Slurry type of explosive will be used. The charging will be  $\frac{2}{3}$  of the hole and  $\frac{1}{3}$  will be stemming practicing is adopting. The blasting vibration will be minimized by using millisecond delay detonators and reducing the charge per hole. The controlling measures of flying fragments will be undertaken.

**Dozing:** after blasting, the scattered ore will be dozed by Wheel Loader for convenient of loading and movement of the transport vehicle.

**Excavation:** The extraction of the blasted material and the self-excavated material will be loaded by  $1,4m^3$  bucket capacity excavator. The material will be loaded in to 16tons capacity tippers.

**Transportation:** The material will be loaded by excavator will be transported by the 16tons capacity tippers. These tippers will be utilized only for internal transportation of ROM from face to crushing screening plant and to the waste dump/mineral stock/mineral reject stock.

**Acknowledgements:** We are grateful to our teachers Dr.P.T.Hanamgond and Mr Suraj Mense and Mr Yogesh Kutre, for conducting this study tour.

### VISIT TO LEAD BOTANICAL GARDEN

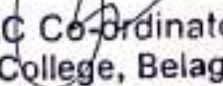

Students of M.Sc. Botany 3<sup>rd</sup> Semester visited Lead Botanical Garden located at Shivaji University Kolhapur, Maharashtra on 2<sup>nd</sup> September 2023. They explored the rare, endemic, threatened plants grown in the garden. They also visited various labs and herbarium of the department. Faculty members and research scholars of the department explained them about the working of the various instruments available in the labs. Students also interacted with Prof. S.R. Yadav who is well-known angiosperm taxonomist from India.

Dr. Santoshkumar Jayagoudar, Miss Smeeta Chavan and Miss Ravina Veranekar from our department guided them during this visit.

Respected Sir,

We would like to conduct a one-day study tour for M.Sc. IV Sem students. They have planned to visit Department of Botany Shivaji University Kolhapur to see Lead Botanical Garden, herbarium and instruments on 2<sup>nd</sup> September, 2023. Three of our faculty members Dr. Santoshkumar Jayagoudar, Miss. Smecta Chavan and Miss Ravina Vernekar will be accompanying them for this visit.

Kindly permit for this study tour. Thank you in anticipation.

Thank you.

Yours Sincerely

Permitted.

M.Sc. 4<sup>th</sup> Semester Study Tour Report  
(2<sup>nd</sup> September 2023)

Place: Shivaji University, Kolhapur and nearby places.

We started our journey from G.S.Sc. College campus on 2<sup>nd</sup> September 2023 at 7.31am. The staff members namely Dr. Santoshkumar Jayagoudar, Prof. Smeeta Chavan and Prof. Ravina Vernekar accompanied M.Sc. 4<sup>th</sup> Sem students (31). The plan for the trip was to visit Shivaji University Kolhapur.

We reached Kolhapur around 10.15 am. We had breakfast and then, we moved towards Department of Botany, where a Research scholar Mr. Ajinkya accompanied students and took us to the Lead Botanical garden and explained the importance of botanical garden and need of ex-situ conservation and conservation techniques and also, we visited the instrumentation section and departmental herbaria and students had the discussion on importance of herbaria and preparation and preservation techniques.

We started our journey back to Belagavi at 6 pm and reached at around 9.15 pm.

It was a great experience to spend time in nature and in various aspects this tour served the purpose of studying the botanical garden, conservation and herbaria techniques.

Thanking you,

Yours sincerely,

## Field Visit to Amboli, Maharashtra

A total of 19 students planned a one-day visit to Amboli, Maharashtra on 20<sup>th</sup> Nov. 2022. Two of the faculty members namely Dr. Rutuja Kolte, Miss Ravina Vernekar and one attender Mr. Uttam Banoshi accompanied this tour. This tour was specially planned to see the flowering of the endemic species *Strobilanthes scrobiculata*, which flowers once in 16 years. Apart from this flowering they visited other places in Amboli to see various types of species and vegetation. They visited Hiranyakeshi, Chaukul Road, Amboli waterfall, Kavaleshet, etc.

Dr. Yogesh Phonde who works with forest department of Maharashtra and self-fare groups from Western Ghats of Maharashtra for sustainable development joined this tour at Amboli and explained about his work. Students interacted with him on various topics.

M.Sc. 1<sup>st</sup> Semester Study Tour Report  
(19<sup>th</sup> to 21<sup>st</sup> March 2023)

Place: Dajipur -Radhanagari Wildlife Sanctuary, Maharashtra

We started our journey from G.S.Sc. College campus on 19<sup>th</sup> March 2023 at 7.30am. The staff members namely Prof. Mithun R. and Prof. Ravina Vernekar accompanied M.Sc. 1<sup>st</sup> Sem students (41). The plan for the trip was to visit Dajipur Wildlife Sanctuary, to study Field Taxonomy, Biodiversity and Conservation Biology.

We reached Dajipur around 1:00 pm. We had lunch and then, Dr. Shrinath Kavade led the trip. Brief orientation session and activity. At 6.0 pm we had a nearby field visit.

We reached Wild Dajipur resort at around 7:30 pm. Then, we had a discussion regarding the observations during the field visit. After dinner, with general discussions we ended our day.

Next day on 20<sup>th</sup> March 2023 around 6.30 am we had physical fitness and yoga session. Then after breakfast and the Dr. Shrinath Kavade sir briefed students regarding floras and then went to the field studied different families and filed characters and also collected samples for study. We finished around 12.30. then students were grouped and assigned with different floras. Then, lunch break. Around 5.00 pm started for trek got an idea about vegetation of Radhanagri Wildlife Sanctuary and various ecosystems such as lateritic plateau. We returned from trek around at 8.00 pm. After dinner, with general discussions we ended our day.

Next day, on 21<sup>st</sup> March 2023, we started our journey around at 7.00 am for trek. Students surveyed the area and noted the general observations, flora, fauna, etc. at this location. Then we returned and after lunch we gathered for concluding session. After this we started our journey at 3.30 pm back to Belgaum. While on the way we visited Nature Information centre Radhanagari Wildlife Sanctuary, Dajipur.

It was a great experience to spend time in nature and in various aspects this tour served the purpose of studying the different types of ecosystems, vegetation types, rich biodiversity in in Radhanagari Wildlife Sanctuary.

Thanking you,

Yours sincerely,

Mr. Mithun R

Ms. Ravina Vernekar

**Details of Study Tour**

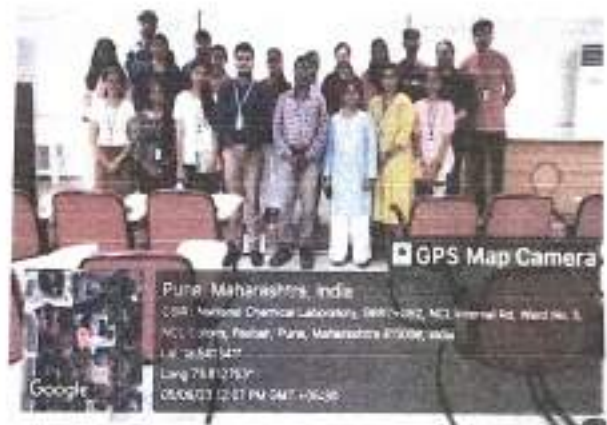

**Title – Study tour report to National Chemical Laboratory (CSIR-NCL) Pune**

**Date of tour:** 05.09.2023

**No of Participants:** 17

**Highlights of study tour:** Research in the pharmaceutical area is a prospective area for the development of different formulations; With this Consideration, Visit to CSIR-NCL Pune was planned . The objective of the visit was to give exposure to various process runs in the National chemical lab with evaluation for quality control parameters to the First year M.Sc students. On this visit, students were introduced to the biochemical division in which So many advanced and ongoing research presentations were given, In the analytical department sophisticated instruments like HPLC, Mass, spectrometry, Gas chromatography and were demonstrated. In the polymer processing unit chemistry of polymers, their Synthesis & application of Gel chromatography in polymer Study was illustrated.

This visit was planned and coordinated by Course-Co-ordinator Prof. Shushant Jigan

**Title:** Study Tour: to study ecology, field practical related to conservation biology and threats to the landscape

**Date:** 01.04.2023 and 02.04.2023

**Venue:** Tillari Conservation Reserve, Choukul, and Pargad region.

**No. of Participants:** 06

**Report:**  
For PG Environmental Science, Sem I Study tour was organised visiting Tillari conservation reserve – Choukul – Pargad region in March 2023, to study ecology, field practical related to conservation biology and threats to the landscape. Team visited Sacred grooves, Tillari river, Lateritic plateaus at Choukul, Cave ecosystems in the region, and the two important historical sites in the region namely Pargad fort and Ramghat ( start point of an ancient trade route).

Report on Study tour to Atharv Daulat Sugar Factory

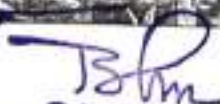

Details of the Programme		
Title: One day study tour to Atharv Daulat Sugar Factory, Halkarni		
Date of the Event: 17 February 2023		
No. Of Participants :41	Students :37	Teachers: 04
Financial Support: Self		
Highlights of the programme: One day study tour was organised by the department of Chemistry for V semester students On 17 Feb 2023. Students were taken to Atharv Daulat Sugar Factory, Halkarni. Students were shown the complete process of sugar making along with Power generation facility which has capacity of 6 Megawatt .Also students were exposed to Distillery unit of the factory which supplies ethanol to Bottling units and as a fuel in automobiles.

Details of Industrial Visit
<b>Title</b> – Industrial Visit to Glenmark Industries and National Institute of Oceanography (NIO)
<b>Dates of tour:</b> 28 and 29 July 2023
<b>No of Participants:</b> 17

**Highlights of Industrial Visit :** The main objective of the visit to the National Institute of Oceanography was to give exposure to the students about the new scientific research field related to the development of the ocean and implementation of the new technologies

The second visit for students was planned to Glenmark Pharmaceutical Industries. This gave students exposure & overview of the working of pharmaceutical company, role of microbiologist in Pharma Companies, working of different departments. Then students were introduced to various pharmaceutical industrial instruments like autoclave, incubators, temperature controller, while visit to the lab of pharmaceutical microbiology department.

This visit was planned and coordinated by Course-Co-ordinator Prof. Shushant Jigan

## Department of Geology

### CERTIFICATE COURSE

B.Sc. 1<sup>st</sup> and 2<sup>nd</sup> Year 2022-23(NEP)

## APPLICATIONS OF REMOTE SENSING AND GIS

### Course Structure

#### Course Outcome:

1. Students will be able to understand fundamentals of photogrammetry.
2. Student will be able to delineate associated features and interpret the landforms and other features.
3. Student will be able to use these techniques during field work, research such as water management analysis.
4. Student will be able to determine land use and land cover in various fields such as disaster management.
5. This course will provide platform to start the journey and excel in further understanding of remote sensing and GIS techniques.

**Duration of the Course:** The duration of the certificate course 30 hours.

#### Course pattern:

Certificate course will be focused on 17 hours of practical with hands on training and 14 hours of theory. Student has to pass a written test and submit assignment at the end of the course. Student will be awarded a certificate after completion of course.

**APPLICATIONS OF REMOTE SENSING AND GIS**

**SYLLABUS**

Units	Topics	Hours
<b>THEORY: 14 HOURS</b>		
1.	Elements of map, aerial photos: Types of scale, Latitude-Longitude and other information.	2
2.	Brief introduction to endogenic and exogenic process, types of landforms developed by wind, water and Glacier.	2
3.	Drainage patterns their types and significance in water management.	2
4.	Global Positioning System (GPS) basic principles and its field application.	2
5.	Aerial photography - Definition and terminologies: Swath, Overlap, Mosaic, Parts of Aerial photographs	2
6.	Electromagnetic spectrum. Visible spectrum, infrared, near infra-red, microwave. Band combinations MSS and FCC's.	2
7.	Remote Sensing - Definition and terminology. Types of satellites on the basis of their work. Indian satellites. Application of remote sensing and its significance in Geology, Disaster Management, Elements of image interpretation and keys	2
<b>PRACTICALS – 17 hours</b>		
1.	Exercise 1: Depth perception exercises	2
2.	Exercise 2: Stereo test and determination of scale	2
3.	Exercise 3: Identification of features on single vertical aerial photograph.	2
4.	Exercise 4: Interpretation of cultural details and preparation of land use map using satellite image.	2
5.	Exercise 5: Study of RADAR and SAR (Microwave) imagery and interpretation of features.	3
6.	Exercise 6: familiarization with Q-GIS for Digital Image Processing	3
7.	Exercise 7: GPS and GPS Essential app	3

Subject : Basics of Python  
Teaching Hours 30

**UnitII Python Basics**

**10 Hrs**

Introduction to Features and Applications of Python; Python Versions; Installation of Python; Python Command Line mode and Python IDEs; Simple Python Program. Identifiers; Keywords; Statements and Expressions; Variables; Operators; Precedence and Association; Data Types; Indentation; Comments; Built-in Functions- Console Input and Console Output, Type Conversions; Python Libraries; Importing Libraries with Examples; Illustrative programs.

**UnitIII**

**10 Hrs**

**Python Control Flow:** Types of Control Flow; Control Flow Statements- if, else, elif, while loop, break, continue statements, for loop Statement; range() and exit () functions; Illustrative programs.

**UnitV**

**10 Hrs**

**Strings:** Createing and Storing Strings; Accessing String Characters; thestr() function; Operations on Strings- Concatenation, Comparison, Slicing and Joining, Traversing; Format Specifiers; Escape Sequences; Raw and Unicode Strings; Python String Methods; Illustrative programs.

**Lab programs**

1. Write a Python program to Display the Massage
2. Write a Python program to Perform Arithmetic Operations
3. Python program to find the area of a triangle whose sides are given
4. Python program to check whether the given number is even or no
5. Python program to find the circumference and area of a circle with a given radius
6. Python program to display the given integer in a reverse manner
7. Python program to find the sum of the digits of an integer using a while loop
8. Python program to display all integers within the range 100-200 whose sum of digits is an even number
9. Python program to check whether the given integer is a prime number or not
10. Python program to find the largest number in a list without using built-in functions
11. Python program to check whether a string is palindrome or not
12. Python program to check leap year

## Department of Chemistry

### Certificate Course in Soil Analysis Report

Department of chemistry introduced the certificate course in soil analysis in January 2022. The motto and principle of the course was to provide a proper training in soil analysis for the students of UG .who aspire to be an entrepreneur or employee in the field of soil analysis. The duration of the course was 1 year. The syllabus was framed in association with Prof. Chetan Prabhu and other experts in the field. The number of students enrolled for the course was 50. The course included the composition of soil, types of soil, and micro and macro components of soil, improving fertility of soil and also focuses on yield of crops. The classes were engaged by the faculty members of chemistry from UG and PG.

#### Course Outcome:

- The students were able to gain knowledge in:
- The types of soil and their characteristics.
  - The micro and macro nutrients for soil
  - To test the deficiency and excess nutrients in soil

**Report on Certificate course in 'Green House Technology'**

**Details of the Programme**

**Title:** Certificate 'Course in Green House Technology'

**Date of event:** 03 November 2023

**No. of Participants:** 26 Students

**Details of Resource Persons:**

1. Prof. Y.B. Dalvi, Faculty, Dept. of Botany G. S. Sc. College, Belagavi.
2. Mr. R.S. Sawant, Faculty, Dept. of Botany, G. S. Sc. College, Belagavi.
3. Mr. Mithun R, Faculty, Dept. of Botany, G. S. Sc. PG College, Belagavi.
4. Miss. P. S. Kundekar, Faculty, Dept. of Botany, G. S. Sc. PG College, Belagavi.
5. Miss Ravina Revenkar, Faculty, Dept. of Botany, G. S. Sc. PG College, Belagavi.
6. Miss Rutuja Kolte, Faculty, Dept. of Botany, G. S. Sc. PG College, Belagavi.

**Highlights of the programme:**

Department of Botany and Zoology introduced the certificate course in Green house technology on June 2023. This course was introduced for all the students coming from various streams to become entrepreneur. The course duration was 30 hours theory including field visit, 10 hour Practicals and 4 hours test .The course fee is 1000/- per student. The numbers of students enrolled were 50 from various streams of science. The students were well trained and capable to choose Green House technology as a future career.

TOOLS AND SKILLS FOR SCIENTIFIC RESEARCH 2022-2023

This is a specially designed certificate course for post-graduate students of our college. Faculty members from various departments who are expert in research conduct this certificate course based on hands-on sessions. Total 35 hours are conducted during this course. List of the sessions and experts is given in the table. This certificate course help the students to develop researchers mindset and implement the skill during project works.

Syllabus for Certificate Course in Dairy Production and Technology**TOTAL DURATION: 20 HRS.** DA  
05 Hrs.**Unit-I: Planning and maintaining desired cattle breed****Dairy farm planning Management:** Challenges in setting up a dairy farm. Environment and facilities. Managing Dairy Cattle.**Breed selection:** Breeds of cattle and buffalo, Native cow varieties, Indian exotic breeds their popularity and performance.**Nutritional requirements:** Sources of feed, Temperate and tropical grasses. Forage production and pasture management.**Feed composition:** Nutrients for milk production, Water, Protein, Fibre and Vitamins.**Unit-II: Housing and maternity management** 05 Hrs. BB**Housing of Dairy Cattle:** Dairy and shed design. Cow comfort Management. Cleaning Management. Animal signs Management. Dairy herd health, production and management (Cow and Buffalo).**Breeding Dairy Cattle:** Cow health and reproductive performance. Artificial insemination and conception; Maternity management, The Lactation Cycle.**Common disorders in Dairy Cattle:** Managing Dairy Facilities for sick and lame cows and buffaloes. Study of common diseases (Foot and Mouth disease, Mastitis, Wooden tongue, Buffalo pox, Deg nala disease).**Calf management:** Common management procedures, calf diseases, vaccination, dehorning, weaning etc.**Unit-III: Milk products management** 05 Hrs. SB**Milk products:** Dairy products and their nutritive value. Common adulterants in milk and their detection techniques. Advanced analytical techniques in milk and milk products.**Milking Management:** Gathering cow for milking, milking machines for smallholders, cleaning and sanitizing dairy equipment; milking procedure. Dry cow therapy; Milk filtration management. Milking Hygiene, Post-harvest milk quality.**Unit-IV: Business prospects, Bio security** 05 Hrs. PA**Dairy business profit strategies****Biosecurity:** Farm level economics affecting productivity and profitability.**Loan facilities:** Available from Public sector/ Private Banks, NABARD, Govt. of Karnataka, Govt. of India etc.

### CERTIFICATE

This is to certify that the project work entitled "Pollen Germination studies in some crop plants" is carried out by ~~MR~~ Miss. Adnya R. Patil.....in partial fulfillment of B.Sc. III Semester of the rani Channamma University, Belagavi for Academic Year 2022-23. It is certified that all corrections and suggestions indicated for the internal assessment have been incorporated in report deposited in department. The project report has been approved as it satisfied academic requirement in respect of project work prescribed by said degree.

## Pollen germination studies in some crop plants

### Introduction:

Germination of pollen on a slide in the form of an experiment but first, let's understand the concept of pollen germination. Pollination is the method by which pollen grains are transferred from the anther of a flower which is the male part to the stigma of the same or different flower, which is the female part of the flower. Pollination is mostly carried out by abiotic components of the environment such as the wind and the water.

Pollen grains germinate when they absorb nutrients and water and grow a pollen tube from the style to the ovary part through one of the germ pores. Then the nucleus moves down pollen tube as well as the generative cells, which in turn develop into two male gametes. One of two sperms fuses with egg cell present in the ovule and develops into the embryo while the other combines with another nucleus from the ovule and forms the endosperm. This is called double fertilization. This is what happens during pollen germination. When pollen grains land on the stigma, compatible grains germinate and an elongating tube forms and grows through the aperture of the pollen grain. Pollen germination is closely related to its hydration to produce turgor, which pushes the pollens cytoplasm to protrude through the aperture to form the pollen tube. Pollen grains germinate on the stigma and the pollen tubes grow into the ovary through transmitting track.

Sucrose is used for pollen germination as it helps formation of pollen tubes. Various criteria is essential for pollen germination which is fulfilled by sucrose such as providing preferable osmotic pressure and substrate for the metabolism.

Germination seen in most crop plants like Hyacinth leaves, Tomato, mustard, ridged gourd and pumpkin. A crop is a plant that can be grown and harvested extensively for profit or subsistence. When the plants of the same kind are cultivated at one place on a large scale, it is called a crop. The purpose of the present work was to study

1. Calculate the percentage of germination of one particular type of pollen grain.
2. Grain collected from different localizes / under different condition.

### Material & Methods:

The crop plant from which pollen germination was made was bought freshly and were well cultivated and were healthy plants.

# 1. Kamala Basadi

A crowning symbol of Karnataka's rich Jain heritage, the Shri Nemirnath Tirthakasa temple, popularly known as Kamala Basadi or 'Kamala Basthi', stands

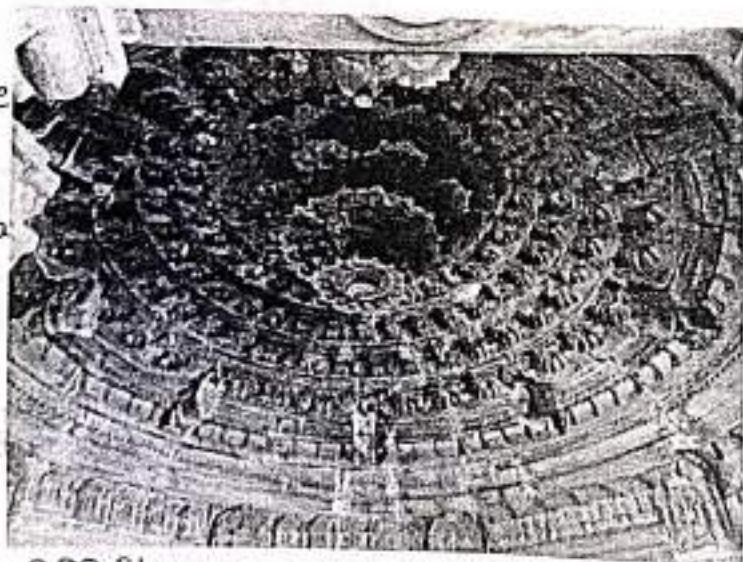

at the heart of the historic Belgaum fort.

Built in 1204 AD by Bichisafa, a minister of Ratta Dynasty's King Kastarivya IV, the temple built by black granite stone. It has a circular flat stone stage where traditional dances danced in the temple premises in the older era.

It has a roof carving in the shape of lotus flowers, hence named Kamala Basadi. Hence,

Rock type is:

'Black granite'

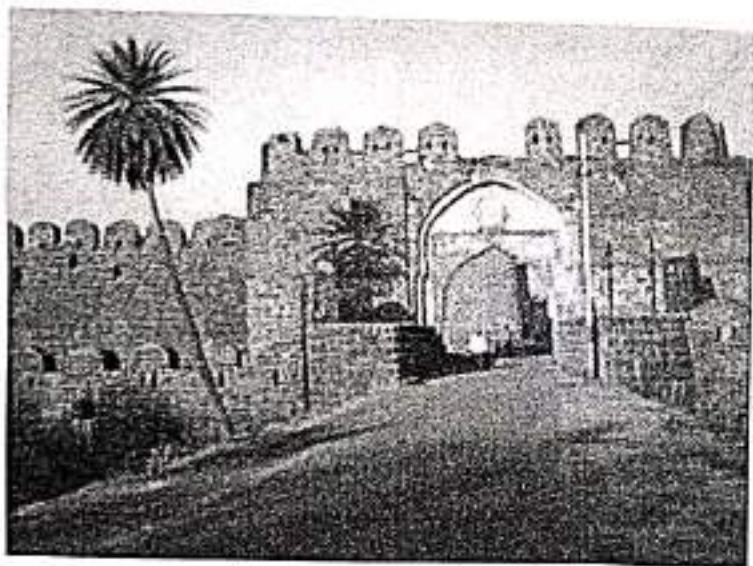

Properties of black granite:

- It is a most common intrusive rock (type of igneous rock) in South India. More specifically plutonic rock.

- granite is primarily composed of minerals such as feldspar, quartz and mica with smaller amount of other minerals. The presence of minerals such as Biotite or hornblende can give granite to a black colour.
- Texture: phanitic (medium to coarse grained)
- Nature: light coloured, acid plutonic rock.
- occur in intrusive bodies.

## 2. Kittur Fort

The Kittur fort was built by Allappa Gowda Saas Desai, the fifth ruler of the Kittur dynasty during his rule from 1660 to 1691 AD. He also constructed a grand palace inside

the fort that served as his residence.

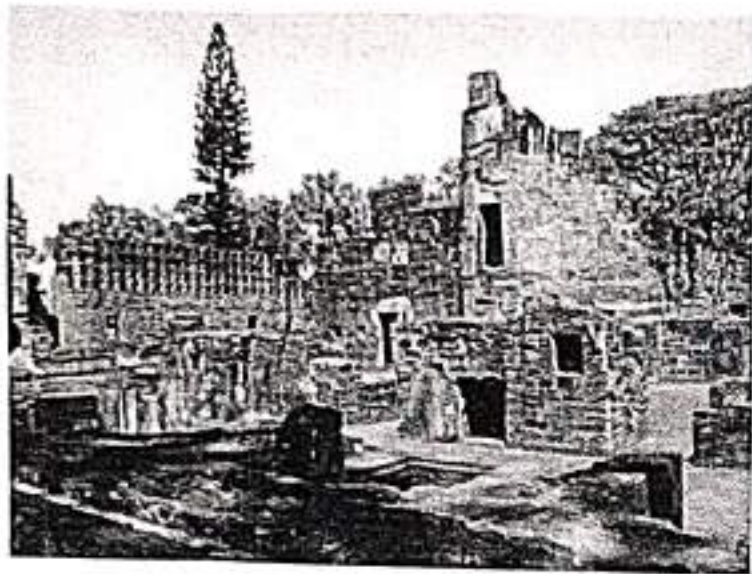

The Kittur Fort was built over an area of about 25 acres. It is surrounded by a moat that was earlier fed by water from lake lying close to the eastern wall of the fort. The walls on both sides of the fort have low height. The fort mainly comprises of Kittur palace, a watch tower, water cisterns and an archaeological museum.

The Kittur palace and the antiquities found in and around Kittur.

Principal  
G.S.Sc. College, Belagavi

IGAC Co-ordinator  
GSS College, Belagavi

The fort was built in the Peshwa-Islamic style. The fort was constructed by using black basalt rock that was found in plenty in the surrounding areas of Kittera.

Rock type: 'Black Basalt' (Igneous rock)

Properties of Black Basalt:

- Black basalt is a type of volcanic rock that is formed from the solidification of molten lava.
- It is one of the most common rock types on earth, and it can be found in various locations around the world, both on land and under the ocean floor.
- Colour: Basalt is known for its dark colour, typically black.
- Texture: fine grained.
- Chemical composition: It is composed mainly of minerals such as pyroxene, plagioclase feldspar and sometimes olivine. These minerals are rich in iron and magnesium. It generally contains 45-55% silica ( $\text{SiO}_2$ ) along with Al, Ca, Na & K.
- Occurrence: It is a common rock type in volcanic regions & associated with volcanic activity.

Principal

G.S.Sc. College, Belagavi

IQAC Co-ordinator  
G.S.Sc. College, Belagavi

### 3. Rajhansgad (Yellow Fort)

The Rajhansgad was built by Beechiraja of Ratta dynasty in the 12<sup>th</sup> century. This fort was originally built by Ratta dynasty. Later during the reign of Adilshah,

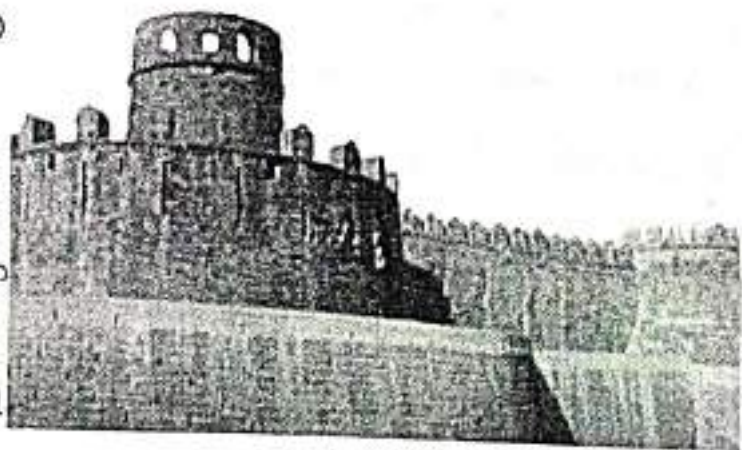

commander Asad Khan Lodi built it by stones which gave current look. It is situated nearly 2500 ft (760m) above the sea level and served as a watchtower for Belgaum fort to spot enemies approaching from long distance.

Rock type is:

Basalt (igneous rock)

Properties:

- Colour: dark colour, typically ranging from black to dark grey.
- Texture: fine-grained.
- Chemical composition: It is composed of minerals such as pyroxene, plagioclase feldspar & sometimes olivine. rich in iron & magnesium & low silica content.
- Occurrence: It is found in ~~igneous~~ igneous bodies.

Principal

G.S.Sc. College, Belagavi

IQAC Co-ordinator  
GSS College, Belagavi

#### 4. Suvana Soudha

The Suvana vidhana Soudha is a new legislature building of state of Karnataka in Belagavi district of Northern Karnataka. It was inaugurated on October 11, 2012 by

President Pranab Mukharjee. This structure was constructed to assert nationally that Belagavi is an integral part of Karnataka. The state government is also looking on shifting some government offices to Belagavi. Jawaharlal Nehru described it as 'Temple dedicated to the nation'. Karnataka has bicameral legislature. The Suvana vidhana Soudha has been so named to commemorate the golden Jubilee of Karnataka's formation day.

Rock type is: 'Granite' (igneous rock).

Properties of granite:

- Group: plutonic
- Colour: It comes in wide range of colours, including white, black, gray
- Texture: It is usually coarse grained & granular.
- Chemical composition: composed of minerals such as feldspar, quartz and mica with other small minerals.
- Occurrence: Occurs in intrusive bodies.

## 5. Sri Bhuvagaha Lakshmi Narasimha Temple, Halsi

During the rule of Kadamba kingdom in between fifth to tenth century, they built a temple in this place called Palashika Kshetra. The Halsi is the aparthanaha of Palashika. The region was dense forest before the temple was built here. The original temple built was dedicated to Lord Narasimha.

According to the records, Bhuvagaha Narasimha

Temple was built by Shiva-chitta, a Kadamba ruler. The temple stands on a star-shaped platform with pyramidal towers in horizontal stages.

Rock type is : Sandstone (Sedimentary rock)

Properties of sandstone:

- Colour : Creamish brown, black
- Streak : white.
- Texture : Coarse grained and sub angular.
- Chemical composition : composed mainly of the mineral quartz along with different amount of other constituents. Silica ( $\text{SiO}_2$ ) - 93-94%, Iron ( $\text{Fe}_2\text{O}_3$ ) - 1.5%, Lime ( $\text{CaO}$ ) - 0.8%, Soda ( $\text{Na}_2\text{O}$ ) and Potash ( $\text{K}_2\text{O}$ ) - 1.0% and so on.
- Occurrence : It is one of the most common sedimentary rock found in sedimentary basins.

Geology Department

G. S. S. College, Belgaum

Principal

G.S.Sc. College, Belagavi

IQAC Co-ordinator

## 6. Kankumbi

Rock type:

Latesite rock  
(Sedimentary rock)

Properties:

- Colour: reddish Brown
- Streak: Brown

- Chemical composition:  $Fe_2O_3$
- Note: Colour is often Red and Brown.
- Rich in aluminium and iron.
- Commonly have a Blaggy or scoriaceous appearance.

## 7. GSS college

Rock type:

Kadappa rock  
(Sedimentary rock)

Properties:

- Colour: Black
- Composition: It is a type of limestone which is rich in Calcium carbonate.

- It is highly compact, impervious and durable and requires little maintenance to last a lifetime.

# Project Synopsis

On The Topic

## ONLINE PRODUCT AUCTION SYSTEM

UNDER THE GUIDANCE OF

**Prof. Snehalata Bandagi**

SUBMITTED BY :

1. Miss. Shubhangi Gavade – M2010522
2. Miss. Shruti Kini – M2010520
3. Miss. Shweta Zare – M2010524

  
Principal  
G.S.Sc. College, Belagavi

COORDINATOR  
DEPT. OF BCA  
GSS College Belgaum

## INTRODUCTION

- Online auction system is just selling product on auction. The users of this system can do a bid on particular product.
- This system can hold online auction of various product on a websites and servers sellers and bigger accordingly.
- These are two category of person customer and vector.
- Vendor can sell his product by hosting on websites and customer will purchase it. The product will give to these customer who put a high bid price on product to purchase.

## STATEMENT ABOUT THE PROBLEM

- General public does not get the information about the product which will be auctioned.
- People from all the India cannot participate on auction.
- Seller do not get the best price for their product.
- Even the seller want able to sell their product so to solve this problem we are developing this project.

## OBJECTIVE AND SCOPE

### Objective:

- The main objective of the auction process is to obtain best value and highest price. The portal gives selling and purchasing of product online.
- Customers can do a bidding on a product.

  
Principal  
G.S.Sc. College, Belagavi

  
IQAC Co-ordinator  
GSS College, Belagavi

  
COORDINATOR  
DEPT. OF BCA  
GSS College Belgaum

## Scope:

- This system can accessed by any general public who want to sales their product on a bid and also customers will be purchase.

## METHODOLOGY ADOPTED

- Waterfall model

## EXISTING SYSTEM

- The auction for product is done manually.
- Bidders need to attend the place of bidding.
- Presence of bidder is compulsory.

## PROPOSED SYSTEM

- In this system one user can do more than one bid on product.
- In this system has to register and have to give detail for their product and also at what price they want to start the bid.
- The bidding exercise ill have the specified opening and closing type.
- Product will be given to that customer who put a high bid price on product to purchase.

  
Principal

## FUNCTIONAL REQUIREMENT

### Admin:

- Admin can manage user and product.
- Admin can manage categories of product.
- Admin can send the update to the seller and customer.
- Admin can manage bid information.
- Admin can generate the whole system work report.

### Seller:

- Login
- Register
- Seller can upload product.
- Seller can set the starting price of the product. Seller can bid for product.

### Customer:

- Login
- Register
- Customer can purchase the product.
- Customer can make payment on online.

## NON-FUNCTIONAL REQUIREMENTS:

### Performance:

- The responsiveness of the websites shall be high and the websites shall behave as per the user action.
- The response time and throughout time on the site shall be minimal.

### Safety Requirement:

- Forgot Password.
- Before adding, deleting or making any changes or closing application is ask for the confirmation.

### Security Requirement:

- Any user who uses the application must have login id and password.

## FEATURES

- Bidder can bid from any where through out the world.
- Facilities flexible and easy bidding.
- No need to visit physically on auction place.
- Customers can get product from any location.

## LIMITATION

- The user cannot view the item in person.
- Internet connection is needed.

## Certificate

This is to certify that dissertation entitled "STUDY OF GROWTH AND REPRODUCTION OF *Eudrilus eugeniae* IN DIFFERENT ORGANIC WASTE FOODS" Submitted by for partial fulfillment for the award of Master of Science in Zoology is based on results of the experiment carried out by the candidates under the guidance of Mrs. Neha M. Jadhav, lecturer, P.G. Department of Zoology, Govindram Seksaria Science College, Belagavi The dissertation has not been previously submitted for any other Degree or Diploma of this or any university.

**'WILDLIFE WEEK AND EXHIBITION' 2022**  
A tribute to 'Elephant Man' - Ajay Desai

**REPORT**

**Date:** 18<sup>th</sup> - 20<sup>th</sup> October, 2022

**Venue:** G. S. S. College, Belagavi (K. M. Giri Hall)

The department of Zoology and Botany in association with the Dhaarini Bio-club organized the **Wildlife Week-2022 A tribute to 'Elephant man'- Ajay Desai**. The wildlife week is celebrated nationally from 2<sup>nd</sup> October to 8<sup>th</sup> October every year with the goal of spreading awareness about the importance of wildlife and its conservation.

This year, the wildlife week was celebrated in G. S. S. College as a tribute to the great wildlife biologist, Shri. Ajay Desai, also called as the 'Elephant Man'. He had a great role to play in understanding the roots of Human-Elephant conflict in parts of Karnataka and Tamil Nadu and strived hard for their conservation.

The celebration of the wildlife week began with **outreach lectures by the students of B.Sc. 1<sup>st</sup> Sem**, in seven schools around Belgaum district. The activity was conducted to spread awareness about the importance of Wildlife and the methods of its conservation.

The **inaugural of the Wildlife week** was conducted on 18th October, 2022 at K. M. Giri Auditorium, G. S. S. College. **Dr. Avinash Krishnan**, National Director, A ROCHA India, graced the occasion as the chief-guest and speaker. **Prof. S. Y. Prabhu**, presided over the function. **Smt. Shanti Ajay Desai**, wife of Ajay Desai also graced the occasion as the guest of honor. Principal, Prof. B. L. Majekar gave the welcome address. Prof. A. A. Halgekar talked about celebration of Wildlife week and the Elephant man, Ajay Desai. Prof. S. Y. Prabhu, Smt. Nyla Coelho, Dr. Avinash Krishnan, spoke about their memories with Late Shri. Ajay Desai.

The inaugural session was followed by a lecture by guest speaker **Dr. Avinash Krishnan**. He spoke about '**Man-Animal conflict and mitigation measure**'. He stressed that the issue of Man- animal conflict was not very far from becoming a pandemic. He also informed the gathering about various issues faced by the inhabitants of small villages having boundaries coinciding with the forest areas. Various impactful measures taken up by government and non-government bodies were also explained.

The **photography exhibition was inaugurated by Smt. Shanti Ajay Desai and Mr. Swapnil Ajay Desai**. The exhibition housed photographs depicting the magnificent diversity of organisms around Belgaum region and few other parts of India. The photographs displayed were captured by well-known wildlife photographers like Mr. Niranjan Sant, Mr. Ram Mallya, Mr. Datta Manwadkar, Mr. Nirmal Kulkarni, Mr. Rahul Prabhukhanolkar and Mr. Hemant Ogale.

A tribute to 'Elephant Man'- Ajay Desai

The **photography competition** was organized for students from schools, colleges and staff members. The competition received a great response with around 65 entries throughout various categories. The entries were judged by Mr. Vidyadhar Shelke, Mr. Rahul Prabhukhanolkar and Prof. Praveen Patil.

'Kinara' an animated short film depicting the causes and preventive measures of Man-Animal conflict and 'The Great Indian Bustard' a short film revealing the interesting behavior of the elusive Great Indian Bustard and the importance of its habitat (Grasslands are not wastelands) were screened for school students. Throughout the three days (18<sup>th</sup> to 20<sup>th</sup> October) around 550 students from seven schools visited the exhibition and saw the documentaries. The screening of documentaries was preceded by interaction sessions by students of B. Sc. 1<sup>st</sup> Semester.

On 20<sup>th</sup> October, 2022, Shri. Amol Pawar, a wildlife photographer from Mumbai, gave a talk on 'Basics of Wildlife photography'. The talk, beautifully showcased the intricacies of wildlife photography and the story that a photographer tries to convey behind every image that he makes.

The Wildlife Week 2022 concluded with a valedictory programme on 20<sup>th</sup> October, 2022 at K. M. Giri auditorium. Mr. Amol Pawar was invited as the Chief guest and Prof. S. Y. Prabhu presided over the function. Prize distribution for the photography competition was done at the hands of the chief guest. Dr. Prasad Deshpande presented the vote of thanks.

## DEPARTMENT OF GEOLOGY

### Geo-Forum

In Association with  
MEAI, Belgaum Chapter

"GSS Students' Chapter"

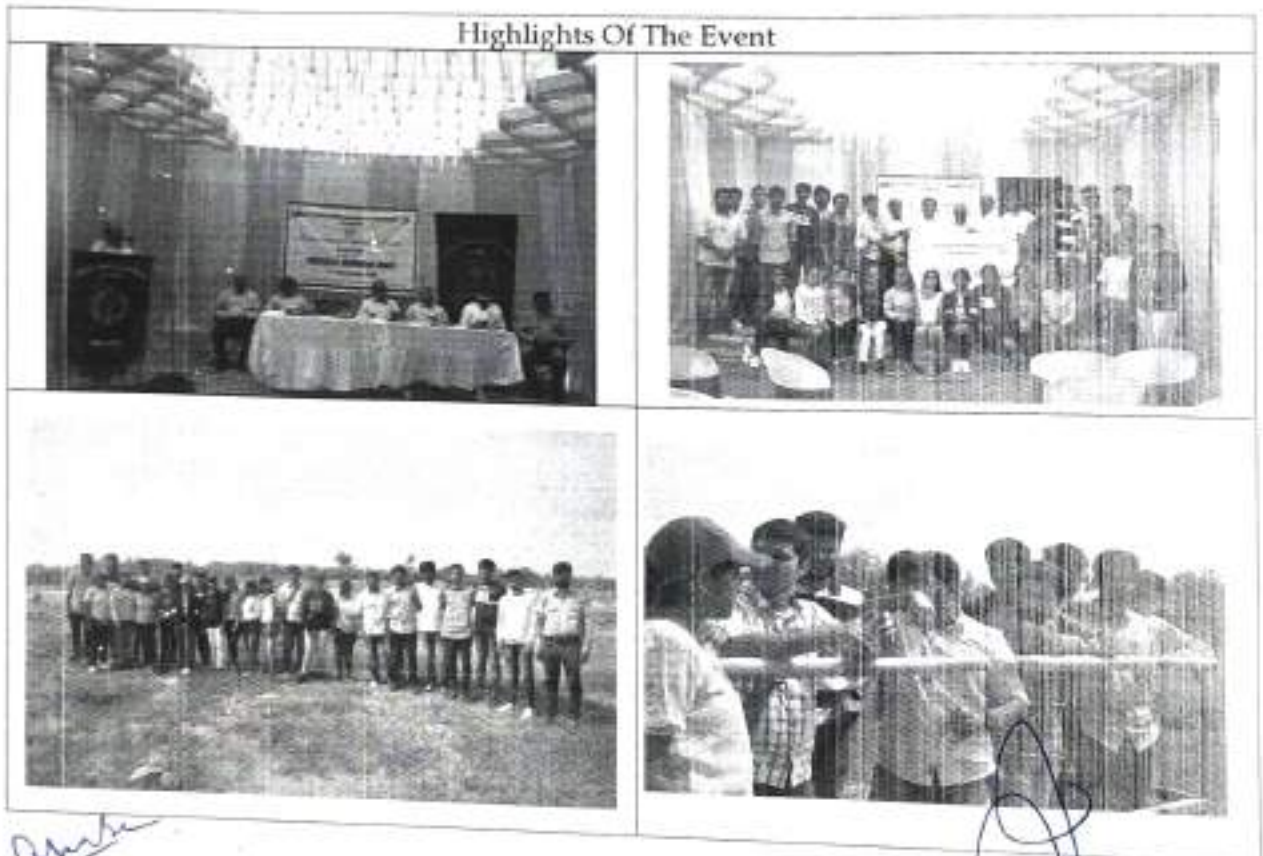

### Report

On the occasion of Indian Mining Day, GSS College, department of geology in association with MEAI Belgaum Chapter celebrated "**Indian mining day**" on 2 November 2022 at JSW M/s South Western Mining Ltd. - Muddapur, Bagalkote.

On this occasion Dr. B K Purandara, Chairman MEAI Belgaum chapter and Mr. S Rachappa, Doddannavar Iron mines delivered talk on sustainable mining and addressed important new mining procedures and regulations.

"**GSS Students' Chapter**" was inaugurated by the dignitaries. Total 35 students enrolled in the club. Club was formulated to give on field exposure on mining industries. Through this club students will be taken to mining sites to understand. Later students visited limestone and dolomite mine along with crusher where they studied origin occurrence and applications of ore minerals.

Geo-Forum

**GEOTECTONICS-2023**

**Report**

Department of geology conducted intra-class event "GEO-TECTONICS 2023", *learn with fun.* on 28 and 29 July 2023. The event was in its 7<sup>th</sup> consecutive year and one of the best practices of the department which provides a great platform for students to express their talent. Event consist of various competitions such as debate, quiz, presentations, treasure hunt, poetry, essay, drawing etc. based on 'Geology' theme. By considering recent trends among students two new events were added i.e. documentary and reels where all B.Sc. geology students participate wholeheartedly for two days. Event has contributed significantly in creating curiosity and interest about the subject. Groups were created consisting of all semester students. Every group competed in above events Eight groups consisting of 10 to 12 students participated and competed for general championship. Winners were awarded with certificates.

**Highlights of the events:**

Details of the Programme	
Title: - Workshop on 'Research methodology'	
Date(s) of event: -31/07/2023	Level: Local
Participants: Botany IV sem students of GSS College	Outsiders : NIL
Total Expenditure: NIL	
Highlights of the programme (Max 100 words): P.G. Department of Botany (Semester IV students) participated in workshop on 'Research Methodology'. Dr. P. T. Hanamgond, a retired professor of GSS our college, conducted this workshop. He spoke on need, components and steps to follow in research. He also focused on necessity of publications. Students actively participated in this workshop as well as interactive session of workshop.

Workshop at Science Hack-day India 2022

2.3

10) 2.3.1

Science Hack-day is a three-day event anyone excited about making weird, silly, or serious things with science comes together in the same physical space to see what they can prototype within 36 consecutive hours. Designers, developers, artists, scientists and people from any background are welcome to attend this event. It is fully packed with Hands-on Workshops, Lightning Talks, Science Demos, Hacking Activities, Art and Architectural installations, Science Show, Fun Games, Stargazing, Camp fire, etc. Makers Space Belgaum which is supported by South Konkani Education Society is leading organizer of this event. Every year this event has been organized at Sankalpa Bhoomi, Belgaum on 23<sup>rd</sup> to 25<sup>th</sup> December 2022.

One of the important parts of this event is workshops for school students. This year special workshop was arranged for students based on 'sectioning of plant materials and observing under microscope'. A total of 12 students of 3<sup>rd</sup> Semester of P.G. Department of Botany worked as volunteer to conduct this workshop. Volunteers showed the kids, how to take sections, procedure, importance of sectioning, how to observe under microscope, etc.

Apart from this about six students from the same class attended this program as participant. They actively took part in 'preparation of dye using plants and soil'.

For the workshop Dr. Rutuja R. Kolte and Mr. Rahul D. Prabhukhanolkar (P.G. Environmental Science) guided them. Prof. Y.B. Dalvi Provided all the support to conduct this activity.

**BCA ACTIVITIES REPORT**

## BCA Activities Report

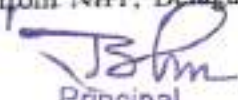

It is my privilege to present the BCA activities report for the academic year 2022 -23. GSS BCA is a preferred choice for computer application aspirants as it is always at the forefront in academics and extra circular activities. Every year the demand for admissions is increasing, and we are constantly increasing our intake capacity. To accommodate this extra intake, the SKE management has provided state-of-art infrastructure, which includes High-Tech classrooms with smart boards, projectors and computers with high-end configuration. I am thankful to the SKE management for providing this infrastructure.

This academic year the total student strength of the BCA section was 472 inclusive of all three years. The Examination result (overall passing percentage) of odd semesters was as follows: 1<sup>st</sup> semester – 67.92%, 3<sup>rd</sup> semester – 84.29% and for 5<sup>th</sup> semester: 93.10%. The Examination result (overall passing percentage) of even semesters were as follows: 2<sup>nd</sup> semester – 71.01%, 4<sup>th</sup> semester – 87.14% and for 6<sup>th</sup> semester – 32.98%.

At the beginning of the academic year, "Incite-2022" - an orientation programme was conducted for fresher students to get them acquainted with campus. rules and regulations mandated for each student in the GSS BCA College. The event began with an inauguration function on 28<sup>th</sup> October 2022, which was graced by Shri. Khandoba Kulkarni as the chief guest. He spoke about using the opportunities provided during college life to the fullest and modelling yourself to be employable. Smt. Bimba Nadkarni was the guest of honour. Shri. B. L. Majumar, Principal GSS College presided over the function. Keeping up with the tradition, this program was organized and conducted by the senior BCA students. The activities such as Communication, Quiz, Cultural and surprise fun games were conducted for the fresher's. Master. Shah Nawaj Bijgarni was selected as Mr. Fresher and Miss. Sanjana Bhandodkar as the Miss. Fresher.

"**HOUR OF CODE**" an International event was organized from 6<sup>th</sup> December to 10<sup>th</sup> December 2022. The Hour of Code is celebrated as a Computer Science Education Week, which marks the birth anniversary of Computing Pioneer Admiral Grace Hopper. It is a global movement reaching over 180 countries. This event motivates students and people from all age groups to learn computer science and programming by trying out this one hour of code. 151 students from schools and junior colleges participated in the event.

A session on "**RECENT trends in TECHNOLOGY**" was conducted on 6<sup>th</sup> January 2023. A total of 80 BCA students participated in the event. Ravishankar Malage, senior executive from NHT, Belagavi conducted the seminar. The session provided an insight on

  
Principal  
G.S.Sc. College, Belagavi

  
IQAC Co-ordinator  
GSS College, Belagavi

technologies such as cloud computing, data science, machine learning, companies that students with the knowledge of these technologies, career paths etc.

A session on "CAREER GUIDANCE" was conducted on 21<sup>st</sup> January 2023. A total of 70 BCA students participated in the event. Raj and Sandeep co founders of SoftMusk Technologies, Belagavi conducted the seminar. The session provided an insight on career options for students after BCA. UI designer, Full Stack Developer, UI technology, front end, back end etc.

A seminar on "CLOUD COMPUTING" in association with EIT, Belgavi was organized on 26<sup>th</sup> May 2023. A total of 142 BCA students participated in the event. Mr. Haris Jamadar, Certified Trainer. EIT, Belagavi provided insight on cloud services, core-elements of cloud platform, AWS, Microsoft Azure etc.

A session on "DATA SCIENCE" supported by The Masters Graduate, Bengaluru was organized on 31<sup>st</sup> May 2023. A total of 99 BCA students participated in the event. Mr. Raj, Trainer at Masters, Bengaluru spoke about Machine Learning and opportunities for the students to gain practical knowledge that will greatly benefit their career prospects.

Rubicon's "Connect with Work" Program supported by Barclays India, in collaboration with GSS College, BCA department conducted training session from 30<sup>th</sup> May 2023 to 2<sup>nd</sup> June 2023 for the students of GSS BCA. 60 students from BCA underwent this training conducted by resource person Mr. Chaitanya Halgekar. This session focussed on Learning Expectation setting, Organization structure, SWOT analysis, Corporate Jargons, Public Speaking, E-mail etiquettes, Grooming and body language, Group discussions, Personal Interview and resume writing.

An in-house IT fest, "TECHSPECTRA-2023" – was conducted on 16<sup>th</sup> and 17<sup>th</sup> of June 2023. This fest is organized every year to bring out team spirit, leadership skills, communication skill, and to test the student's calibre in various events. This year, the event theme was on "OSCAR". The program began with an inauguration function, which was graced by Mrs Gouree Manjarekar, Founder Pankh India Foundation as the chief guest. She spoke about the various career opportunities after BCA. She also emphasized on need of being multi dimensional personality and to follow continual learning process to survive in current IT world. Shri. S V Shanbag Vice-President SKE Society presided over the function. Shri B. L. Majukar, Principal GSS College addressed the function. He spoke about the various IT job opportunities in and around Belgaum. Techspectra had several activities such as Coding, Communication, Quiz, Designing and

report reading

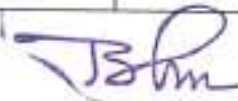

that  
culturals. A team of 80 senior BCA students organized the event successfully. BCA students of all semesters were divided into 12 different teams with 30 students in each team.

A farewell program "Adios-2023" was conducted for the outgoing students on 31st August 2023. Prof. Jeevan Bodas, Coordinator GSS BCA, did a formal welcome and annual report reading. Mr. Ashish Saraph was chief guest of the function. He spoke about current trends in IT industry & Ms. Priyanaka Pulgam was the guest of honor. Principal Shri B L Majukar presided over the function and advised students to be sincere, hardworking and bring laurels to the institute. Prize distribution, cultural games and candle ceremony were the highlights of the event. Mr. Rohit Desai was selected as the Student of the year. Mr. Harish Chougule and Ms. Anushri Nakadi got special recognition award for their contribution towards various activities conducted in the college. Mr. Shivaji Tibile was awarded with Special Prize for his achievements in NCC. Mr. Anish Belekar received the KOLA memorial award which is introduced from 2021-22 year by Ms. Priyanka Pulgam (our alumni) in memory of her grandparents Late Mr. Isaiah kola and Mrs. Sarojini Kola.

Online placement drive was conducted by several companies like TCS, Wipro, Infosys, Capgemini and 14 students were selected & many more waiting for final result.

**METRIC – 2.3.1**  
**DEPARTMENT OF CULTURAL ACTIVITIES**  
**REPORT**

## DEPARTMENT OF CULTURAL ACTIVITIES

Department of cultural activities offers many opportunities for our students to participate in various cultural programs and competitions. 'Tarang' – An entertainment Cultural program organised on 24-01-23, marked the beginning of the cultural events. It was a program consisting of folk dances, hip-hop, solo and group songs, contemporary and classical dances etc. About 75 students from B.Sc, M.Sc and BCA departments participated in it.

Considering the fact that today the young generation is unaware of the theatre culture of our country and to inculcate interest in this art form, a 'Theatre workshop' was conducted on 4th and 5th July, 2023. Program began with an informal welcome to the resource person, Smt. Neeta Kulkarni, a well-known writer, actor and director of plays in Belagavi. She covered many aspects of theatre and elaborated on how concentration, observation, imagination and communication skills help one not only in performing a play but also in one's overall personality development. Students enjoyed the workshop very much.

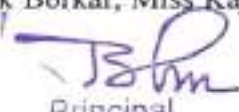

Valedictory function was conducted on 5th July, 2023. Resource person, Mrs. Neeta Kulkarni was the Chief Guest and Mrs. Bimba Nadkarni graced the occasion as the President of the function. A total of 53 students participated in the workshop.

The Annual social gathering for the year 2022-23 was conducted on 5-09-2023 in the open-air theatre in the evening. The entertainment program was of 2hrs 30 minutes duration which consisted of solo and group singing and solo and group dances. Songs were accompanied by Orchestra. About 80 students from B.Sc, M.Sc and BCA departments participated in it. All students and staff enjoyed the program.

Students of our college won the **first prize in intercollegiate Patriotic group singing competition 2023**, conducted by Shaikh college of Education, Shaikh Campus, Nehru Nagar, Belgaum. **Ritika.M and Suma.K from MSc 2<sup>nd</sup> year Abhishek.A - Bsc 3<sup>rd</sup> year, Ranjita Kotemani from BSc 2<sup>nd</sup> year, Ananth vitthal - BCA 2<sup>nd</sup> year.** Congratulations to the team!!

I take this opportunity to appreciate the dedication and interest shown by the student members of the cultural team under the leadership of the cultural secretary, Ruchita Yalgi in organising the activities systematically throughout the year. I also congratulate the General secretary, Gaurav Patil, Ladies representative Divya and Sneha Bhogale and all student secretaries responsible for smooth conduction of all events.

The Cultural department consists of following faculty members: Mrs Vinaya Pitre, Miss Priyanka Kundekar, Mrs. Charushila Bhatkai, Mr Yogesh Kutre, Miss Sheetal Lingasur, Mr Shashank Borkar, Miss Kajal Ghotghalkar and Mr Akshay Kulkarni. I am thankful to all

**BIOME ACTIVITIES REPORT**

## BIOME -LEO Initiative

2.3.1 (8)

I am glad to inform you that few staff members from undergraduate & post graduate departments are eager..

“BIOME” **Learn-Explore-Outreach** was inaugurated on the occasion of celebrating World Environment Day on 5<sup>th</sup> June 2023, to promote outdoor field activities, to generate curiosity and interest towards life sciences among all students. Major objective of this is to create outdoor learning opportunities for students, including nature trails, field ecology workshops, and outreach activities involving U.G and PG students.

There are more than 170 participants in BIOME – LEO initiative, who have been part of various activities conducted from June 2023 to August 2023.

- Field Visit to Vaccine depot was organised for B.Sc and M.Sc students to search ground orchids and fungal diversities in the region.
- Field Visit to Savgao Hill was organised for B.Sc and M.Sc students to explore grassland ecosystems and understand the threats due to urbanisation.
- BIOME Katta -An open Discussion on Cosmetics in our daily lives was organised for B.Sc and M.Sc students of G.S.S College, exploring the scene behind the cosmetics industry.
- BIOME 1<sup>st</sup> Diversity Race was organised for B.Sc and M.Sc students. Total 85 participants from G.S.S P.U.C, B.C.A, B.Sc, M.Sc, BK College, R.L.S college participated in the event, in heavy rains to document flora and fauna of the region. Total more than 500 observations were recorded by teams in a span of 2 hours.
- Biodiversity Workshop at Amboli - A residential workshop was organised for B.Sc, M.Sc students exploring biodiversity of the Western Ghats region. More emphasis was given to the endemic organisms found in the Amboli, unique plateaus and understanding cave ecosystems.
- BIOME Katta - Discussion on 'Methods for conservation of endemic species, was conducted for B.Sc and M.Sc students of the G.S.S college.

**“SAVE SOIL AWARENESS PROGRAMME”****Geo-Forum****In Association with Rotaract Club of GSS**

Shri Basavraj Balegar, Agriculture department Bagalkot, representative of Sadguru, Jaggivasudev, and founder of Isha foundation visited the department of geology on 19th July 2022. As a part of the Save Soil campaign which is a global movement launched by Sadhguru, to address the soil crisis by bringing together people from around the world to stand up for soil health. The Department of Geology along with the Rotaract Club of GSS has participated in this campaign and arranged his talk on save the Soil awareness programme.

He addressed the main causes of soil erosion and its nutrient depreciation. He briefed about the save soil campaign and also stressed upon factors responsible for soil nutrients depreciation. He gave remedial measures to save soil from deforestation, chemical fertilizers which will deplete the fertility of soil, which will lead to shortage of food by 2050. Total 76 students and staff were present during the talk.

## Seminar

### “Watershed Development and Water Recharge Structures”

#### In Association with Rotaract Club of GSS

Rotary E Club's District Seminar on “Watershed Development and Water Recharge Structures”, was organised in association with the Department of Geology, GSS College and Rotaract Club of GSS College, Belgaum on 18 September 2022 at GSS College, Belagavi.

District Governor Rtn Venkatesh Deshpande, Dist 3170, was Chief Guest. Prof. S. Y. Prabhu, Vice-Chairman, SKE Society, Belgaum presided over the function. Dr Pramod T Hanamgond, President Rotary E Club and Head, Dept of Geology, welcomed the gathering and briefed about the seminar highlighting the importance of watershed development and recharge structures. Rtn Sagar Waghmare, Organising Secretary proposed the vote of thanks.

At the outset, the dignitaries inaugurated the seminar by watering the plant. Chief guest DG Rtn Venkatesh Deshpande, highlighted the importance of the seminar which he has identified as the Thrust Area for his tenure 2022-23 and appealed to all take up projects wherever necessary which will help to develop the community's needs. Shri S. Y. Prabhu, in his presidential remarks informed about the effects climate change and human interference, how we can develop the watershed and manage our water resources.

There were three invited speeches by noted scientists from reputed research institutes and universities viz., Dr B K Purandara, Retd Scientist, National Institute of Hydrology, Belgaum; who spoke on the researches undertaken by his group, near Ramteerth and Siddeshwar areas for developing the spring water body; also he highlighted about river bank natural filtration project where community involvement was envisaged. Dr A R Kulkarni, Professor SCIBER, Kolhapur, detailed about watershed development and sites for selecting the recharge structures. Dr P. T. Hanamgond, Associate Professor & Head Dept of Geology spoke on Distribution of Water and Water Recharge Structures. Over 15 Rotarians and delegates along with 20 students participated in this seminar.

GSS college got IIC registered on 2-11-21. IIC is a part of Ministry of education's initiative to encourage and promote innovative ideas, convert them into start-ups and spread awareness about Intellectual property rights among students and staff. In its second calendar year (Sep-2022 to August-2023), IIC has conducted the following programs till date.

1. IIC conducted its first meeting on 18-10-22. In this meeting new members were added and the schedule of 1<sup>st</sup> and 2<sup>nd</sup> quarter was discussed.
2. During the orientation program conducted for B.Sc I sem students on 21-10-22, A special lecture of one hour was delivered by Dr. Lata Laxmeshwar, President of IIC to inform the freshers about MoE's Innovation cell and IICs and all activities of IIC were discussed.
3. An essay competition was conducted on 15.11.22 from 3.30 - 4.30 pm on the topic, 'Contribution of Dr. A. P. J. Abdul Kalam towards Science and Innovation'.
4. A talk on "Contributions of Maulana Abul Kalam Azad towards education in India" by Dr. C.M. Munnolli was organised on 18-11-22 to celebrate National Education Day.
5. Innovative idea competition was held on 30th November 2022. Students were given Problem statements and they presented their solutions in form of PPT.
6. An open session was organized on 28-12-22 to introduce the students to the online YUKTI portal and in general, process of ideation, innovative thinking, uniqueness, product designing etc. to get more clarity of the process. Miss. Shweta Dalvi (BCA Department) and Mr. Rahul Prabhukhanolkar (PG. Dept. Environmental Science) presented the process of Ideation and YUKTI portal.
7. IIC members attended an orientation session on IIC 5.0 by Dr. Deepan Sahu, Assistant Innovation Director, MoE's Innovation cell, Govt of India on 11-1-23. He spoke about status of Innovation and Entrepreneurship in HEI's.
8. V semester students visited Orione Hydraulics Pvt. Ltd, Belagavi on 11-1-23 for 'Exposure and field visit for problem identification'.
9. A special lecture on the occasion of National Startup day on 02/02/2023 on the topic, ' What is a Startup, Idea for the startup in the campus or outside the campus and Plan of Action for startup' by Dr. Y B Dalvi.
10. National Science Day was celebrated on 28-02-23, with a talk by Dr. D.N. Misale, Associate Professor of Physics, B.K. College, Belagavi. The topic was 'Global Science for Global Wellbeing'.
